organises an E-Symposium on

National Education Policy 2020

Platform: Google Meet

Dates: 20th & 21st Aug, 2020

Theme

The Kothari Education Commission (1964) stated that the destiny of India is now being shaped in her classrooms and the destiny of these classrooms is being shaped in the educational institutes by dedicated and skilled teachers. In other words, we can say that the development of any nation depends upon the quality of its education system which is further dependent on its teachers. So, the training of teachers and their skills are very essential requirements for the said purpose and all these are possible only through teacher education. Teacher education is a programme that is related to the development of teacher proficiency and competence that would enable and empower the teacher to meet the requirements of the profession and face the challenges therein. According to John Dewey if we teach today's students as we taught yesterday's, we rob them of tomorrow. Therefore, we have to update our knowledge and skills with the changing needs of time. There should be readiness to learn within the teachers. Effective and efficient teacher education depends on its implementation strategies.

The National Education Policy 2020 lays emphasis on universal access to schools for all children in the next decade. It stresses on increasing the Gross Enrolment Ratio (GER) and putting a stop to the spiralling drop-out rate in India. It also suggests a slew of reforms to school education, with a focus on flexibility of subjects and eliminating silos between streams of learning. In these lines, SoE, MGCU, East Champaran, Bihar tries to explore the roadmap, specific actionable actions for effective implantation of Teacher Education and School Education in light of National Education Policy 2020 by means of organising e-symposium, this is one step towards the Hon'ble Prime Minister of India, appeal to academic community to have discussions, and to explore the *Neeti, Rananeeti, Roadmap & Resources* for effective implementation of the policy.
